## IRAN MUST NOT BE ALLOWED TO HAVE NUCLEAR WEAPONS!

### ***"Israel, Palestine and the Middle East"***

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

### ***"Israel, the Church and End-Time Prophecy"***

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

### ***"Messiah and the Passover Seder" (Presentation)***

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

### ***"Gentiles Commission to the Jews"***

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

\*\*\*\*\*

***"It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things."***

Romans 15:27

The biggest contributor to radical Islam is Iran. This country is on the verge of having nuclear weapons. Sadly, their leaders would not shed a tear if millions of people in Israel and America were destroyed by nukes. In fact, they would party in the streets just like many of them did on 9-11. Iran seeks worldwide domination and will settle for nothing less. Our present leader appears to be oblivious to this fact. In Israel, their eyes are wide open. They know what Iran's intentions are. The Iranian leaders state them on almost a daily basis. They have done so for years. Here is just a few of them:

***"The Zionist regime will soon be destroyed, and this generation will be witness to its destruction. "***

***"We must spare no effort in liberating holy Jerusalem and cutting off the hands of the infidels from this holy site."***

***"Israel should cease to exist."***

***"The United States and Israel should not make a mistake, because if they make the smallest mistake, we will not remain silent, and will annihilate Haifa and Tel Aviv."***

***"The enemies are talking about the options they have on the table. They should know that the first option on our (Iran's) table is the annihilation of Israel."***

**I STAND WITH ISRAEL**

Time and time, again, the present administration proves itself to be against Israel. This should bother every single one of us. Our greatest ally in the world is being threatened, as if it was our worst enemy. Surely, this displeases God.

***"For without cause they hid their net for me. Without cause they dug a pit for my soul. Let destruction come upon him unawares. And let the net which he hid catch himself; into that very destruction let him fall." Psalm 35:7-8.***

Like Prime Minister, Benyamin Netanyahu said in his recent and powerful speech in Congress, "May Israel and America always stand together, strong and resolute. May we neither fear, nor dread the challenges ahead. May God bless the State of Israel and may God bless the United States of America."

***We want to thank each and every one of you who so generously responded to our need, and we still need your help. Please remember to keep us in your prayers and finances. Shalom in the Messiah, Rabbi Robert Israel Solomon***

**The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).**

## **Israeli Updates**

**SAUDI NUCLEAR DEAL RAISES STAKES FOR IRAN TALKS:** Saudi Arabia has quietly signed a nuclear-cooperation agreement with South Korea, raising concerns that a deal with Iran, rather than stanching the spread of nuclear technologies, risks fueling it. Saudi Arabia's former intelligence chief, Prince Turki al-Faisal, has publicly warned that Riyadh will seek to match the nuclear capabilities Iran is allowed to maintain as part of any final agreement reached with world powers. USA officials said there is particular concern about Saudi Arabia's decades-long military alliance with Pakistan, a nuclear-armed state with a history of proliferating military technologies. A number of senior Arab officials have warned the White House in recent months the Saudi government could seek Pakistan's aid in developing nuclear technologies - or even buy an atomic bomb - if it sees an agreement with Iran as too weak. "The proliferation of nuclear technologies is a nightmare the White House would like to discount rather than contemplate," said Simon Henderson of the Washington Institute for Near East Policy. "This is more than just an imaginary threat."

**IN AN INTERVIEW WITH THE WASHINGTON POST, EGYPTIAN PRESIDENT ABDEL FATTAH AL-SISI EXPRESSED HIS CONCERN** about the Islamist extremism his country faces and lauded security cooperation with Israel. With respect to recent violence in the Sinai Peninsula and on the Egypt-Libya border, Sisi blamed the Muslim Brotherhood, which he called "the parent organization of extreme ideology. They are the godfather of all terrorist organizations. They spread it all over the world." While Sisi stated that "we should give Obama time" to negotiate with Iran, "we have to understand the Israeli concern." The Egyptian President said there is a great deal "of trust and confidence" between Egypt and Israel: "The peace treaty does not allow Egyptian troops in the middle and eastern sections of the Sinai... But the Israelis said it was fine to have Egyptian troops in those areas." Sisi went on to say that he speaks with Israeli Prime Minister Benjamin Netanyahu "a lot."

**PRESIDENT OF THE RESEARCH INSTITUTE ON CONTEMPORARY IRAN,** Mohsen Sazegara, echoed Arya's points, stating that "human rights abuses have not only continued, but also increased in many respects." In particular, he noted the "persistent and pervasive assault on women on a continued basis on the pretext of disrespecting Hejab, education and employment segregation." The experts also remarked that Rouhani appointed a man responsible for the "extrajudicial executions of thousands of political prisoners," as his Minister of Justice. Responding to a question about whether Rouhani had the power to change the situation in Iran, Sazegara stated that "he can do many things by the tools that he is in executive power... and support at least the basic freedoms of the people of Iran but he has not done anything."
