“Israel, Palestine and the Middle East”

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

“Israel, the Church and End-Time Prophecy”

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

“Messiah and the Passover Seder” (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

“Gentiles Commission to the Jews”

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

“It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things.”

Romans 15:27

Hamas supporters in our neighborhoods?

With the current attacks on the State of Israel and its citizens, who are not distinguishing between Jews, Christians, Muslims, or anybody else. But it should not be ignored that the entire free world is also facing the serious long-term risk of incitement of ignorant individuals by the leadership of Radical Islam and other groups promoting radical ideologies.

Deception, misinformation, and incitement are even being promoted by some members of Congress. Rashida Talib, Cory Bush, Ilhan Omar, and others are spreading lies and deception to incite their audiences and advance the agenda of the radical Hamas and Hezbollah terrorist organizations. These organizations and many others are being nurtured, financed, and trained by the biggest supporter of international terrorism: the aggressive Iranian regime.

The rise in anti-Semitic incidents has not been limited to the US. In France, the Minister of Interior announced on Monday that 588 anti-Semitic incidents had been reported to police, resulting in 336 arrests. In the UK, London police said that there were 218 anti-Semitic hate crimes reported from October 1-18, over 13 times greater than the same period last year. In Germany, the anti-Semitism monitoring organization RIAS reported a 240-percent increase in anti-Semitic incidents since October 7th, compared to the same time period last year. There have also been anti-Semitic incidents in other countries in Europe, as well as in Latin America, North Africa, Australia, and elsewhere.

Even in our government there are two separate letters, one signed by more than 400 political appointees and staff members working at 40 different government agencies, and another by 1,000 employees at the U.S. Agency for International Development—also protested Biden's support for Israel and demanded an immediate ceasefire that would similarly spare Hamas. At the U.S. State Department, more than 100 junior-level diplomats signed what described as a “scathing” memo that echoed the anti-Semitic pro-Hamas rhetoric being heard at demonstrations in the streets of American cities and on college campuses. It actually accused the president of “spreading disinformation”. It went on to advocate for not only a ceasefire that would leave an unpunished Hamas in place as the rulers of Gaza.

It was very well-documented that multiple anti-Western entities have been promoting worldwide unrest by exploiting the ignorance of students, journalists, politicians, and others. Hopefully, once all these people realize that their own skin may be in the game, they will wake up and stand up against evil, and support a peaceful coexistence among all people.

Regarding the question of Gaza's future, until Israel eliminate terror, and until the people of Gaza, finally stop the teachings of Hamas to the children. From the time they are born they are taught to hate Jews, to murder Jews, to be raping Jews, until they wake up and choose a different choice nothing will change. ***“Comfort and keep comforting My People”... (Isaiah 40:1)***

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates

Hamas Official Promises: 'We'll Repeat October 7 Massacre Until Israel Is Annihilated';

A spokesman for Hamas has promised that the terror organization will repeat the October 7 massacre until Israel ceases to exist. In a video published on X (formerly Twitter) Hamas' Ghazi Hamad says, "We will repeat the October 7 attack time and again until Israel is annihilated." He also claimed, "We are victims - everything we do is justified." Responding to Hamad, Yossi Zilberman, Deputy Spokesperson at Israel's Foreign Ministry, promised, "Israel will make sure that you and [your] friends won't be able to raise your bloody head ever again." Zilberman hashtagged his response, "#HamasisSIS." Hamad also said in a Lebanese television interview that "the al-Aqsa Flood is just the first time and there will be a second, a third, a fourth because we have the determination, the resolve, and the capabilities to fight." "We are called a nation of martyrs and are proud to sacrifice martyrs," Hamad said. "Israel is a country that has no place on our land. We must remove that country because it constitutes a security, military and political catastrophe to the Arab and Islamic nations, and must be finished." "It is Israel, not us. We are the victims of the occupation. Therefore, nobody should blame us for the things we do, everything we do is justified," he added.

Russia Says Israel Has No Right to Self-Defense, Russia's Wagner Group to Supply Hezbollah with Air Defense;

Israel has no right to defend itself as it is an occupying power, Russia's representative to the United Nations, Vasily Nebenzya, said at an emergency special session of the UN General Assembly on Wednesday, November 1. "The only thing they can muster is continued pronouncements about Israel's supposed right to self-defense, although as an occupying power, it does not have that power as confirmed by the advisory opinion of the International Court of Justice handed down in 2004," said the Russian representative. Despite stating that Israel does not have the right to defend itself, Nebenzya proceeded to state that Israel does have the right to "ensure its security" and "to fight terrorism." Further, US Intelligence has learned that the pro-Russian Wagner Mercenary Group may be supplying Hezbollah with an air-defense system, according to American media. US officials said that the White House has still yet to confirm if the SA-22 system, which uses anti-aircraft missiles and air defense guns to intercept aerial threats like aircraft and drones, will be used in Lebanon. US officials are unable to confirm that the system has been sent yet but noted a positioned aircraft carrier used to deter Hezbollah in the Eastern Mediterranean from opening Israel's northern front. Wagner has a presence in Syria, where many Hezbollah fighters have been found recently.
