The Uniqueness of the Land of Israel and the Jewish People

“Israel, Palestine and the Middle East”

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

“Israel, the Church and End-Time Prophecy”

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

“Messiah and the Passover Seder” (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

“Gentiles Commission to the Jews”

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

“It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things.”

Romans 15:27

In every way, Israel is unique. After 4000 years, its people still worship the God of their fathers and speak their ancient language. No other nation has received so much of eternal value to share with others. Geographically, the land is the crossroad of three great continents - Europe, Asia and Africa - and has been fought over by superpowers since time immemorial. Its capital, Jerusalem, lacks physical advantages, but God chose her as the symbol of an eternal spiritual reality. Fourteen times destroyed, Jerusalem still stands upon her ancient foundations. Israel's existence today as a sovereign State is miraculous: The exiles of the diaspora have regathered from 87 countries. No other people have been twice exiled from their land and twice restored.

As we study the Scriptures we can see all of God's love and His promises to Israel, both, as a people, and as a land. Someone once said, “A people without a land are nobodies.” On the other hand, Israel as a land is nothing without a people, a people God has chosen as the ones to inherit this land. Of all the land in the world, God has set His claim on this small plot about the size of the entire state of New Jersey. A land that is not a tropical paradise, nor is it full of diamonds, silver, gold or oil. It is a desert land that now everyone seems to want. However, the people He chose to indwell this land are not the most popular, or the most numerous, yet God called these Jewish people His people and this land their land.

In the late 1880's God started bringing our Jewish people back to this land, which at the time was called Palestine (*Latin for ‘the land of the Philistines’, the Philistines who had been non-existent as a people for nearly three thousand years*). It was the beginning of the fulfillment of hundreds of prophetic scriptures, which tell us that God's people are coming back to this land, never to leave it again.

Thus saith the Lord God; “I will even gather you from the people, and assemble you out of the countries where ye have been scattered, and I will give you the land of Israel.” (Ezekiel 11:17)

So what has happened over the last one hundred and thirty Seven years since the Jewish people started returning to the land? Israel has become the garden spot of the world. It has become Europe's largest provider of fresh fruits and vegetables. It exports more minerals, and more flowers than any country in the world. Its technology is second to none; in fact it has more PhD's per capita than any other nation on earth. Israel has come a long way, from nothing to being the most important topic in the world today, and has been a blessing for everyone.

***God's people, in God's land, make up Israel,
which is God's testimony for all those who want to see it.***

(Pray for the peace of Jerusalem...)

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates

KNESSET PASSES UNTIED JERUSALEM BILL: In the predawn hours, following a succession of impassioned speeches both for and against, Israel's Knesset finally voted on and passed the "United Jerusalem Bill." The bill is an amendment to the Jerusalem Law passed in 1980, when Israel officially declared the entirety of Jerusalem to be its undivided capital. This new legislation requires a two-thirds majority which is 80 members of Knesset to ever alter the status of Jerusalem or surrender portions of the Holy City as part of a future peace agreement. Corraling a two-thirds majority for anything in the Israel Knesset is next to impossible, as evidenced by the vote on this very bill. Sixty-four MKs voted in favor of the bill, 51 voted against and one abstained, despite the fact that the vast majority of Israeli Jews (including members of Knesset) insist that Jerusalem must never again be divided. The bill's author, Education Minister Naftali Bennett said, "Just now we ensured that Jerusalem will be united forever. We initiated the law that guards Jerusalem so that it cannot be divided without a huge majority of 80 MKs. The Mount of Olives, the Old City, the Temple Mount and the City of David will remain in our hands forever. There will be no more political maneuvers that will allow to tear our capital apart. This is also Israel's response to the shameful United Nations vote against Jerusalem.

USA THREATENS TO WITHHOLD FUTURE AID PAYMENTS TO PALESTINIANS: USA President Donald Trump said in tweets that the United States may withhold future aid payments to Palestinians, accusing them of being "no longer willing to talk peace" with Israel. Trump said that Washington gives Palestinians "HUNDRED OF MILLIONS OF DOLLARS a year and get no appreciation or respect. They don't even want to negotiate a long overdue peace treaty with Israel. With the Palestinians no longer willing to talk peace, why should we make any of these massive future payments to them?" The USA is the largest donor to the UN Relief and Works Agency for Palestinian refugees agency, with a pledge of nearly \$370 million as of 2016.

ABBAS SPOKESMAN: JERUSALEM LAW EQUAL TO 'DECLARATION OF WAR ON PALESTINIANS': The Knesset's passage of a law that requires two-thirds of its members to approve any future transfer of land in Jerusalem to a foreign entity is "equivalent to a declaration of war on the Palestinian people," Nabil Abu Rudeinah, Palestinian Authority President Mahmoud Abbas' spokesman, said. While Israel considers all of Jerusalem its capital, the Palestinians hope that east Jerusalem will be the capital of a future Palestinian state. Abu Rudeinah also asserted that, "There is no legitimacy to the Israeli Knesset's decisions. We will not allow under any circumstance such dangerous projects for the region and the world's future to come to pass," he said. Jerusalem is one of the most sensitive issues for both Palestinians and Israelis, as it is home to a number of Jewish, Muslim and Christian holy sites. In some cases, multiple religions revere the same holy site such as the Temple Mount, which is considered the holiest site in Judaism and the third holiest site in Islam. According to Palestinian officials, the Palestine Liberation Organization is slated to convene one of its top bodies, the PLO Central Council, to discuss the future of the Israeli-Palestinian ties.
