GOD CHOOSE THE JEWISH PEOPLE TO BE A LIGHT UNTO THE GENTILE NATIONS, AT WHAT COST?

“Israel, Palestine and the Middle East”

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

“Israel, the Church and End-Time Prophecy”

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

“Messiah and the Passover Seder” (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

“Gentiles Commission to the Jews”

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

“It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things.”

Romans 15:27

Ever since God chose the Jewish people to be a light unto the Gentile nations, there have been those who sought to destroy her. Even, today the Jewish people continue to face lies, violence and attempts to de-legitimize them. The hardest one to fight is the hate that has been unrelenting from all over, by groups such as United Nations, activists groups in universities, hordes of Jihadist sympathizers from around the world, and many Nations ruling governments, who not only promotes, but often rewards terrorist attacks against Israel. In ***John 15:19***, Yeshua said ***“...I have chosen you out of the world, therefore the world hateth you.”***

In the face of all this hatred, what does Israel do? Other than, spend a lot of her resources for the defense of her people, which they must do. They have reacted in a way that most reasonable and compassionate people wouldn't even consider reacting like. They react to all this hate with love and kindness, always in hopes for peace.

The Jewish People have built one of the most beautiful and successful nations on earth. They have provided aid to people who were in need all over the world. They have also helped many victims of ongoing wars. Unlike Palestinian schools, which teach how to hate and kill Jews and Americans, Israel teaches respect and love for diversity and peace.

Israel has responded to all this hate by offering peace to Arab neighbors, over and over, again. The Palestinian leaders, whom Israel has repeatedly offered a two-state solution to have only responded with violence and demands that terrorists be released from prison, to commit even more violence against Israel.

Why do the overwhelming majority of Israelis respond to hate with love and kindness? Why don't they respond with hatred as many other people would? Could it be that Judaism teaches love, because love is effective while hate is not? This has allowed the Jewish People to survive all this time, regardless of the hate and the violent anti-Semitism.

Deuteronomy 7:7-8 tells us; ***“The LORD your God has chosen you out of all the peoples on the face of the earth to be His People, His treasured possession. The LORD did not set His affection on you and choose you because you were more numerous than other peoples, for you were the fewest of all peoples. But, it was because the LORD loved you...”***

We want to thank each of you who pray for, and support Yachad Ministries financially. Without you, and the grace of God, Yachad Ministries could not carry on. If you have not yet (personally) helped us in this vital work, we ask you to let us know you stand with the vision and the work of Yachad Ministries by sending a love offering today to help further the work of the Lord.

We need your prayers and financial support today! Rabbi Robert I. Solomon

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates

Statistics: Terrorist Hits in Israel During 2019; Some 2370 attacks by Palestinians against Jews took place in Judea & Samaria alone during 2019. For decades, Arab terrorists have been attacking settlers in Judea & Samaria on a daily basis. Some of those attacks, which include rock-throwing, firebombs, arsons, and shootings, proved fatal. Habitually, such murders and attempted murders are silenced by mainstream media. On another front, the Israeli military days ago released data on operational activity on all fronts in 2019. It revealed that the Gaza Strip quarter continued to be highly volatile, as terrorist groups fired 1,295 projectiles at Israel during 2019. Some 729 rockets hit open areas, while the Iron Dome defense system intercepted 478 shells, noting an 85% success rate. In retaliatory operations, the IDF struck 900 Hamas and Islamic Jihad terror targets in the coastal enclave last year.

Hezbollah Sides With Iran - Vows to Attack Israel; The Lebanon-based Hezbollah terrorist group has vowed to attack the Jewish state if the USA responds to recent missile strikes carried out by the Iranian Revolutionary Guard Corps (IRGC). IRGC likewise said, "We in no way consider the Zionist regime (Israel) to be separate from the criminal USA regime in these crimes. We warn the bloodthirsty and arrogant administration of the USA that any new, wicked act or further aggression against Iran will bring about more painful and crushing responses". The IRGC warned that they would attack Dubai in the United Arab Emirates and Haifa in Israel if Iranian soil is targeted. Iran has used terrorist groups in the past to strike its regional foes, including Israel, and could mobilize them if the killing of Soleimani ignited an armed conflict. Hezbollah was established by Iran's Revolutionary Guard during Lebanon's civil war in the 1980s. Today it is among the most effective armed groups in the region, extending Iran's influence to Israel's doorstep. Today, the group has an arsenal of tens of thousands of rockets and missiles that can reach deep into the Jewish state. Iran has also long supported Palestinian terrorist groups, including Gaza's Hamas rulers and particularly the smaller Islamic Jihad group. Such terrorist organizations receive aid, arms, and training from Tehran.

Israel Announces Anti-Missile Laser Breakthrough; Israel's Defense Ministry reported last week that it is developing breakthrough laser anti-missile systems to intercept drones, mortar shells and rockets, light aircraft and anti-tank missiles. The new systems will be cheaper and more effective than current solutions and complement Israel's Arrow (long-range), David's Sling (medium-range) and Iron Dome (short-range) missile defense systems. Engineers from the Defense Ministry's Weapons Development have been working on a classified laser missile defense project for the past few decades. Since 2009, the engineers have successfully been able to use algorithms to produce powerful focused laser beams and increase their effective range in various types of weather conditions. After the investment in the system according to one Defense Ministry source, "Every shot is very cheap, about one dollar per shot." Meanwhile, the price of launching a single Iron Dome interception missile is between \$40,000 and \$80,000.
