DO NOT GIVE YOUR LAND AWAY TO YOUR ENEMIES

"Israel, Palestine and the Middle East"

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

"Israel, the Church and End-Time Prophecy"

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

"Messiah and the Passover Seder" (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

"Gentiles Commission to the Jews"

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

"It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things."

Romans 15:27

There is no doubt about it, Israel deeply desires to live in peace with the Palestinian Arabs. Israel has proved it time after time. She has made all the concessions to obtain peace, while they have yet, to make, even one concession. That fact alone should tell people something. To make it totally clear, Israel wants one thing from the Palestinian Arabs. That is "genuine" and "lasting" peace. To obtain what Israel wants, the Palestinian Arabs must put down their weapons. They must truly desire peace with all their hearts. They must stop killing the Jewish People, and their own people, as well. Then, peace would come. It's really that simple. But, unfortunately, many nations are using the Palestinian Arab People to do "their" dirty work. These nations do not want peace. In fact, they plan on making the world a place most of us would not desire to live in. They are death orientated and want to force their beliefs on the entire world.

The Palestinian Arabs voted for Hamas, another Islamic terrorist group, to rule them in Gaza. This, of course was a foolish thing to do. They caught the fury of the Hamas leaders. They have killed many of their people, men, women and children. They do so to instill fear in them. The people are afraid to speak out against them. Until they rise up against these terrorist groups, we will see, more of the same.

Prime Minister, Benjamin Netanyahu says this, "Real peace will only come with leadership that demands from the Palestinians to accept three pillars of peace: one, genuine mutual recognition; two, an end to all claims, including the right of return; and three, a long term Israeli security presence." The Palestinian Arab leader and Hamas refuse to accept Israel as a Jewish Nation. If they do so, it means they cannot annihilate the Jewish People. There would be severe consequences for doing so. They aren't prepared for that. The Islamic Nations surrounding Israel agree with Israel. Together, they face threats from what looks like, soon to come nuclear armed Iran. Together, they face the most vile Islamic terrorist group, ISIS.

People really need to remember, God, Himself, gave the land of Israel to His People. Anyone who comes against that, is coming against God. Genesis 13:15, ***"For all the land which you see, I will give it to you and your descendants forever."*** Woe be unto anyone, or any country that seeks to divide Israel! By the way, the Koran says several times that the land of Israel belongs to the People of the Book, the Jewish People. The Muslims were commanded to help the Jewish People get settled in their God given land in the last days.

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates

INTERNAL PALESTINIAN TENSIONS COULD THREATEN PA: The Palestinian unity government that was meant to put an end to the long-time rivalry between the Islamist Hamas movement, which controls Gaza, and the Fatah movement, in charge in Judea & Samaria, has expired, say Hamas leaders. That government was meant to present a unified Palestinian front, and dispel Israel's argument that there is no need to resume peace talks because any deal Israel strikes with Fatah would not be honored by Hamas, which the US and Israel see as a terrorist organization. With Israeli-Palestinian peace talks frozen and a wave of attacks against Israelis hardening attitudes, as well as Israel's announcement this week that it will hold new elections in March, Palestinians are angry that their drive toward an independent state seems to be stagnating. In addition, little has been done to rebuild the Gaza Strip, after hundreds of Israeli air strikes caused widespread damage to thousands of structures in Gaza during last summer's fighting between Israel and Hamas. Meanwhile, Palestinian Authority President Mahmoud Abbas says he intends to ask the UN Security Council to recognize Palestine.

EGYPT'S LARGEST MILITARY MANEUVER 'MEANT FOR ISRAEL': Egypt held its "Badr 2014" military maneuver between October 11 and November 6, its largest exercise since 1996 which was only half the size. According to a senior security expert the Nile state has its sights on Israel, despite the peace treaty. Col. Dr. Shaul Shay, former deputy head of the Israel National Security Council, detailed the maneuver in Israel Defense, analyzing the massive military preparations. According to Shay, Egypt wants not only to improve security domestically, but also "it hopes to reassert its historic leadership role and become the regional hegemony. With the rise of (President) Abdel Fattah al-Sisi, a new generation of military leadership in Egypt has taken control of the country's armed forces." Speaking directly about what that means for Israel, Shay noted that the exercise is meant to prepare for a potential conflict with Israel. Egypt continues to see Israel as its primary military threat despite a decades-old peace treaty," analyzed Shay. Indeed, Sisi has shown an antagonistic stance on Israel even as he increases his military activity in the Sinai, including an expulsion of southern Gaza to create a buffer zone. Sisi has blamed Israel for the conflict with Islamic State (ISIS), and during elections in May said he would be open to amending the peace treaty with Israel. Egypt likewise in February sealed a \$2 billion arms deal with Russia, after Russia in November said Egypt offered to buy advanced defense systems, military helicopters, MiG-29 aircraft and anti-tank missiles.

ISRAELI MURDERED BY PALESTINIANS IN JUDEA & SAMARIA: On Monday, Avi Ben-Zion, a farmer from Netiv HaGdud in Judea & Samaria, was heading home when several Palestinians stopped him and pulled him out of his car, after which they pounded his head with an iron bar and escaped with his vehicle. Ben-Tzion was found lying in the middle of the road in what was initially believed to have been a traffic accident. He died on Wednesday. IDF soldiers later arrested three Palestinians in towns near the scene of the attack.
