America Must Always Stand With Israel!

“Israel, Palestine and the Middle East”

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

“Israel, the Church and End-Time Prophecy”

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

“Messiah and the Passover Seder” (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

“Gentiles Commission to the Jews”

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

“It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things.”

Romans 15:27

America has been blessed with a President, one who is not ashamed to stand with the Nation of Israel. Because of the stand President Trump has taken, America will be blessed. God said, ***I will bless them that bless thee (Israel), and curse him that curseth thee (Israel).*** (***Genesis 12:3***) This is an eternal promise of God, that cannot be broken.

As the nations of the world continue to take their stand for, or against Israel, they too will gain their just reward, or punishment for doing so. If they have a history of habitually coming against Israel, like it or not, they will have a price to pay for all the wrongs they have heaped upon her. God is a great mathematician and He has an awesome memory. You can bet He will take note of the countries, that stand with Israel, and the ones who don't.

It is a sad state of affairs the United Nations has become, nothing, but a battlefield for their constant bashing, persecuting, and outright lying on Israel. They believe Israel has no right to their eternal Capitol, Jerusalem. Furthermore, they are demanding the Jewish People to turn the Temple Mount and

Jewish Holy sites over to the Muslims. For people who think the enemies of Israel would stop at that point, know this, they won't. They want all the Jewish People out of Israel. They, simply will not co-exist with the Jewish People, or people of any other faith.

The many wicked and shameful resolutions the United Nations has brought against Israel, during its corrupt history, will require a high payment. People, nor nations, nor world organizations can stop what God plans. Consequences are a surety to wrong actions towards, and against God's People.

Under President Trump, Israel has a friend, a good friend. As it stands, Israel does not have to feel so ostracized. If anyone attacks Israel, the consequences of those actions could be huge, indeed. Leaders change often, and we must be diligent to always pray for Godly leaders.

May Israel and America be the best of friends, forever!

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates

TENSIONS SPIRALING ON ISRAEL'S NORTHERN BORDER:

Tensions on Israel's northern border have been increasing in recent months as Israel fears Iran is entrenching itself deeper into war-torn Syria with its presence on Israel's borders growing in strength. Israeli PM Netanyahu recently visited Moscow to reiterate Jerusalem's concerns about Iranian hegemony in the region and the risk it poses for escalations and instability. Russia views Iran as a key player in resolving the crisis in Syria, but with today's events, the message Israel passed to Tehran via Moscow was either not received or was ignored by the Islamic Republic, which is investing serious efforts in how Syria will look once the disastrous war ends. According to Yossi Kuperwasser, former director-general of the Ministry of Strategic Affairs, Moscow is "being used by the Iranians," securing Assad regime bases while Tehran continues to strengthen their hold in Syria. Russia is, in a way, becoming the useful idiot of the Iranians," he said. "We have to be careful about what Syria will look like when it is controlled by Iran. We got a taste of it this morning," Kuperwasser said.

ISRAEL DEMANDS UN SECURITY COUNCIL TO 'PUT AN END TO IRANIAN PROVOCATION':

Israel asked the UN Security Council to condemn Iran after an Iranian drone was shot down over Israeli territory earlier in the day. The Israeli ambassador to the UN called on the panel to "put an end to Iranian provocations. This is not the first time that we have warned you of Iran's dangerous actions that undermine the situation in our region," ambassador Danny Danon wrote in the letter. "Israel will defend its citizens and will not tolerate any violation of its sovereignty. I call on the Security Council to condemn this dangerous act and to put an immediate end to Iranian provocations. Security Council members must not stand idly by while Iran is instigating dangerous escalations and violating Security Council resolutions." Russia, a member of the Security Council, expressed serious concerns about the latest developments in Syria and called on the sides to exercise restraint and avoid an escalation of the situation.

TRUMP'S ENVOY: 'HAMAS CAUSES MISERY FOR THE PEOPLE OF GAZA':

Jason Greenblatt, President Donald Trump's Special Representative for International Negotiations, blasted the Hamas terrorist group as well as Iran for sending funds to Hamas. "Hamas should be improving the lives of those it purports to govern, but instead chooses to increase violence and cause misery for the people of Gaza. Imagine what the people of Gaza could do with the \$100 million Iran gives Hamas annually that Hamas uses for weapons and tunnels to attack Israel!" Greenblatt tweeted. In subsequent tweets, this week, he turned his criticism towards Iran and wrote, "Iran spends almost a billion dollars a year sponsoring terrorism in Lebanon, Israel, Judea & Samaria and Gaza. This blood money only increases violence and does nothing to help the Palestinian people. Hamas literally undermines Gaza's chance for success. A terror tunnel costs roughly \$5.9 million to build (this is money that belongs to the people of Gaza) plus roughly \$30,000 a day in lost revenue when the crossing is closed as a result. Gaza needs options besides Hamas and its enablers," said Greenblatt
