DON'T MAKE DEALS WITH YOUR ENEMIES!

"Israel, Palestine and the Middle East"

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

"Israel, the Church and End-Time Prophecy"

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

"Messiah and the Passover Seder" (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

"Gentiles Commission to the Jews"

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

"It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things."

Romans 15:27

Anytime nations come together for the purpose of making deals, it is good to know, you can trust the ones you are making a deal with. When it comes to nuclear deals, this is especially important. However, this is certainly not the case with Iran. Iran makes no bones about it. She despises both Israel and America, so badly, she wants our destruction. The Iranian leaders are self-proclaimed enemies of the West. They are the most serious threat to stability in the Middle East. They inspire the rise of Islamic extremism all around the world. They give billions of dollars of weapons and money to the terrorist groups, with instructions on how to wipe out the masses of people.

Iran is doing the bidding of their prophet Mohammed, who went into various lands and did many of the horrible things, like ISIS is now doing in Syria and Iraq. It's not a new idea at all. As a matter of fact, it's been around since the 7th century, AD. Their intent is world-wide domination, just as Mohammed ordered. Their belief is, no one can exist in the world who refuses to accept Islam.

Most offenses in Islam carry the death penalty. Drinking alcohol is forbidden and people can be killed for doing so. Apostasy requires the death penalty. Punishments are carried out by public stonings, beheadings, crucifixions, or being thrown off of tall buildings. As a matter of fact, homosexuals are usually thrown off tall buildings or hung for days in public for everyone to see. Topping their list of crimes is blasphemy against Allah, Islam and the prophet Mohammed. These are all punishable by death. Even, if the person recants, they are still killed. As was quoted, there is no mercy. There is no freedom, either. They believe all the fear, via horrible punishments will cause people to fear Allah, and enter into Allah's Mercy.

With ISIS, this is going on all the time. Who else comes to kill, steal and destroy? Now, you know what controls Iran. This is the reason America doesn't need to make any kind of deals with Iran, especially nuclear deals. Iran said recently, that she will never nuke any country, last. In other words, she will always nuke, first. Believing she won't do so is like believing in fairy tales. Asking Americans to believe Iran is our friend, after seeing many of her people yelling, over and over, "Death To America" is ridiculous.

The Jewish People have learned the hard way, that when your enemy says, someone is coming to destroy you, you better believe them. The Holocaust taught them this very important lesson.

"Why are the nations in an uproar, And the peoples devising a vain thing? The kings of the earth take their stand, And the rulers take counsel together against the LORD and His Anointed." Psalm 2:1-2 "He who sits in the heavens laughs, The Lord scoffs at them." Psalm 2:4

Written by, Shoshannah Blalock

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates

OBAMA ADMITS: By 2018, IRAN'S BREAKOUT TIME WILL BE NEAR ZERO:

President Barack Obama has admitted, in an NPR interview, that it is indeed "a relevant fear" that "in year 13, 14, 15, the Iranians will have advanced centrifuges that enrich uranium fairly rapidly, and at that point the breakout times would have shrunk almost down to zero." The president "reasons," however, that currently the breakout times are only about two to three months by intelligence estimates and that "Essentially, we're purchasing for 13, 14, 15 years, assurances that the breakout is at least a year - and if they decided to break the deal, kick out all the inspectors, break the seals and go for a bomb, we'd have over a year to respond. And we have those assurances for at least well over a decade. And then in years 13 and 14, it is possible that those breakout times would have been much shorter, but at that point we have much better ideas about what it is that their program involves. We have much more insight into their capabilities. And the option of a future president to take action if in fact they try to obtain a nuclear weapon is undiminished."

USA JUDGE REJECTS ARAB BANK BID TO AVOID LIABILITY FOR FINANCING HAMAS ATTACKS: A USA federal court this week rejected Amman-based Arab Bank's bid for a retrial of a landmark jury verdict finding it liable for knowingly supporting terrorism efforts related to a series of attacks in Israel from 2001 to 2004. USA District Judge Brian Cogan, the same judge who managed the trial whose outcome Arab Bank wanted to overturn, ruled that the jury's verdict September 22, 2014 "was based on volumes of damning circumstantial evidence that defendant knew its customers were terrorists." The plaintiffs were victims of 24 attacks in and around Israel that were carried out by Hamas. The jury held Arab Bank liable for having provided material support to that group, in what lawyers called the first terrorism financing civil case to go to trial in the United States.

NETANYAHU ASKS WHY IRAN DEAL IGNORES NUCLEAR MISSILE PROGRAM: PM Netanyahu kept up his criticism of the framework nuclear deal with Iran this week, pointing out that it fails to address Tehran's long-range missile arsenal that he argues is meant to enable a nuclear strike against Israel. Netanyahu additionally warned that Iran's inter-continental ballistic missile system - an issue not addressed in the deal - was even more of a threat to the US than to Israel. "Why doesn't the framework challenge Iran's intercontinental ballistic missile program whose sole purpose is to carry nuclear payloads?" He said the economic benefits from the easing of sanctions would go to fund Iran-sponsored terrorists across the Middle East, as Iran is the leading state sponsor of terrorism. "What is to stop Iran from using the over one hundred billion dollars that will be unfrozen as part of this agreement to fund aggression and terror in Iraq, Syria, Lebanon, Yemen and elsewhere?" It was the latest shot in transatlantic arguing over the issue between Netanyahu's office and the White House, which has tried to positively present the plan that leaves all of Iran's nuclear facilities intact and allows it to continue enriching uranium at a reduced rate, with the limitations expiring after a limited period of time.
