CHESHVAN-KISLEV 5775

THE CONSTANT PROVOCATION AGAINST ISRAEL

“Israel, Palestine and the Middle East”

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

“Israel, the Church and End-Time Prophecy”

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

“Messiah and the Passover Seder” (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

“Gentiles Commission to the Jews”

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

“It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things.”

Romans 15:27

There are people in this world who believe Israel doesn't have the right to exist. Furthermore, they believe Israel doesn't have the right to defend herself. God gave Israel the right to exist and He placed His stamp of approval upon her. Israel shows great restraint when she has to fight against her enemies. No country goes to the extreme that Israel does. She drops leaflets from planes, saying she is about to attack certain places. She warns the people to leave their homes for places of safety. She, also uses TV and the Internet to get the warnings across. No other country does this.

Can you imagine the United States being attacked thousands of times via rockets and missiles, over a period of many years, and just ignoring it? To be sure, the United States would hit back, immediately, no questions about it. It took one Islamic terrorist attack against the United States for us to go into Iraq and Afghanistan. How many rockets must fall on Israel before she can justify retaliation? We have no business telling Israel when she can and can't retaliate against her enemies, who attack her almost on a daily basis. The bottom line is, we don't need to put demands on her, that we ourselves in America would not follow.

We must keep in mind how much provocation Israel has withstood over the years. More than 13,500 rockets/missiles have been launched from Gaza into Israel since 2001. They are, purposely sent to target innocent Israeli civilians. More than 4,500,000 Israelis live within Hamas rocket range. On top of this, there is an estimated 10,000 more rockets, just waiting to be fired against the Israelis. These rockets and missiles have greatly improved over the homemade rockets of yesterday. They have certainly improved in the distance they can reach. Unfortunately, they can and have reached into Tel Aviv and Jerusalem. These two cities have large populations and Israel must protect them, along with all of Israel.

It's time to allow Israel to fight her battles in a way that can be won. It's time to take the handcuffs off of her. It's time to break all the restraints the nations (UN) have placed upon her. If the nations fail to do this, they too may have to fight their enemies, within their own countries. This is beginning to happen with the Islamic terrorist group, ISIS.

Zechariah 2:8, For thus says the LORD of Hosts, “After glory He has sent me against the nations which plunder you, for he who touches you (Israel), touches the apple of His (God's) eye.”

We want to thank each and every one of you who so generously responded to our need, and we still need your help. Please remember to keep us in your prayers and finances. Shalom in the Messiah, Rabbi Robert Israel Solomon

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates

IMAM IN GALILEE ARAB VILLAGE: ISLAM WILL TAKE OVER THE WORLD IN A DECADE:

A senior Israeli Muslim religious leader called terrorists of the Islamic State (IS) brothers of Muslims in Israel and elsewhere, adding that they could not stand by and watch silently as Western forces pounded IS forces in Iraq and Syria. Ahmad Badran, an imam from the Galilee Arab village of Jatt called on Muslims to condemn the actions of the Western infidels. In a sermon given Saturday at a local mosque, Badran said no Muslim could stand aside and watch as the enemies of Islam attack our land. Our Muslim brothers are accused of terror and attacking America, but really it is the US and its allies who are attacking our brave Muslim brothers. There is no difference between the countries that are attacking us and the countries that are not attacking us, he added. For us, there is no difference between Australia, Sweden, Japan, Russia, or the US. They are all one army united against Islam. It will take ancient Islam not more than ten years to rule the world, Badran added.

DOZENS OF ISLAMIC STATE FLAGS FOUND IN UPPER NAZARETH: Municipal workers in Upper Nazareth found as many as 50 Islamic State flags in the city's industrial zone. Authorities are investigating the incident. The city's mayor, said "when something like this is discovered in the heart of a Jewish city in the Galilee it should raise serious concerns." Police have closed off the area and are currently searching for evidence regarding the flag's potential owners. Israel officially banned the Islamic State and anyone associating with it at the beginning of September. The decree outlawed meetings of any kind between Islamic State members and named it an illegal organization.

ANTISEMITISM SPIKE IN GERMANY RAISING OLD FEARS: Armed guards were posted at synagogues throughout Germany for the start of Yom Kippur, the Day of Atonement. Anti-Semitism is once again on the rise in Europe, especially in Germany. The tensions have been building in Germany since demonstrations against last summer's Gaza war exposed a clear anti-Jewish sentiment. Chants were heard that echoed from Germany's darkest times. "We haven't had this dimension at all before," said Deiter Graumann, president of the Central Council of Jews in Germany. Imagine in German streets - **a roaring mob chanting Jews to be gassed, to be slaughtered, to be burned.** "He said he doesn't believe the sentiments have spiked because of passions that were stirred up by the events in Gaza." "It is cited as a reason for that but I don't think it's a reason. It's an occasion to let it out," said Graumann. Monika Friesel, of Berlin's Technical University, has studied thousands of anti-Semitic emails sent to German-Jewish institutions and made a disturbing discovery. "We saw that more than 60% of the writers, who clearly evoke anti-Semitic stereotypes, come from the middle of society and many of them are highly educated," she said. "Anti-Israeli protests that become anti-Semitic demonstrations may be taking place across Europe, but nowhere are the echoes more sinister than they are here in Germany. This may not be 1938, but once again the Jewish community here says it feels like it's under siege. They are worried," said Graumann. "And many Jews here ask the question 'Has our Jewish population a future in Germany?' I haven't heard that question for many, many years. Now, the question is being asked again."
