REFUGEES COULD EQUAL ONGOING JIHAD

“Israel, Palestine and the Middle East”

You must hear these end-time prophecies and current events, concerning the Palestinian issue and the Land of Israel.

“Israel, the Church and End-Time Prophecy”

Gain insight into God's plan for Israel and the Church, while learning about your Jewish roots and heritage. This is a significant prophetic teaching on God's plan for Israel, how it is being fulfilled today, and the implications for believers.

“Messiah and the Passover Seder” (Presentation)

This teaching demonstrates a beautiful picture of how the pieces of God's salvation plan fit together, and how the elements used in the Passover Seder point toward the Messiah. The presentation culminates in an explanation of how the Lord's Supper was a Passover celebration.

“Gentiles Commission to the Jews”

Yachad Ministries has a crucial end-time Message to share with both Jews and Gentiles... and the enemy wants to destroy it!

“It pleased them indeed, and they are their debtors. For if the Gentiles have been partakers of their (the Jewish peoples) spiritual things, their duty is also to minister to them in material things.”

Romans 15:27

Along with several other countries in the world, Israel is being pressured into receiving Syrian and African refugees into their tiny country. While Israel has a large heart and does all she can to help others, even her enemies, she cannot do so in this case. Many of these people may very well be Islamic terrorists. On TV, you could see some women and children, but mostly young Muslim men. That, in and of itself, should send out a big warning sign.

No other country has been the target of Islamic terrorism in the same way Israel has. You do not invite Islamic refugees into your country to allow them the freedom to kill and destroy your people. Benjamin Netanyahu is a smart man to say, "no" to this command by opposition leader, Isaac Herzog who wants Israel to open their doors for these refugees. Benjamin Netanyahu said, "But Israel is a very small country, with neither demographic or geographic depth, and therefore we must control our borders."

There comes a time when you just have to say "no" to the very appearance of evil. One cannot say that all refugees are evil. But, they should think long and hard, before they take these refugees in. Then, they should ask themselves one big question. Why aren't the Muslim Countries taking care of their own brethren? They have so much land and unlimited money,

Syrian Refugees

yet they want others to do, what they refuse to do. Not one Muslim Country has offered to take any Muslim refugees into their country. Either, they are totally heartless, or they know the kind of people they are. They claim they refuse to take them in, because of the risk, it might expose them to terrorism. They believe the Jewish People should take on the responsibility, instead of their Muslim brethren.

The Hungarian Prime Minister built a fence to keep these refugees out. He says this, "We don't want more Muslims." Almost all the European Countries feel the same way. They don't want Muslims in their countries, either. Germany has opened its doors to the refugees and wants others to do the same. Only God knows what the leaders in America will do. On one hand, the humanitarians cannot see anything, but saving people. You are a horrible person if you don't see things the way they do. On the other hand, the world has seen all it wants to of Islamic terrorist attacks. They don't want it in their countries. It appears most of these people have become their own worst enemy.

No other people go into countries, and torture, rape and kill people, like ISIS and Islamic terrorists do. Many of these young to mid age refugees may be working for ISIS. Very few Christian refugees, if any, are among the Syrian refugees. It's hard to have Jihad unless you live in a non-Muslim country.

The Terrorists Organizations, Hamas and Fatah have still not removed their call for the genocide of the Jewish People. Their ideological commitment is to destroy the State of Israel through a long-term 'so-called' holy war (Jihad).

Israeli Updates → **ABBAS PRAISES UN VOTE TO RAISE PA FLAG OVER HEADQUARTERS:**

Palestinian Authority president Mahmoud Abbas praised the countries which sided with "justice" by voting for the PA to be allowed to raise their flag at United Nations headquarters. Abbas paid tribute to the countries which approved the resolution saying "they have placed themselves on the side of right and justice," the official PA news agency Wafa reported. "The struggle will continue until the Palestinian flag flies over our eternal capital, Jerusalem," said Abbas. The flag is expected to be hoisted ahead of a September 30, 2015 visit by Abbas to address the UN General Assembly - which upgraded the status of the PA to that of non-member observer in November 2012.

WILDERS TELLS DUTCH PARLIAMENT REFUGEE CRISIS IS 'ISLAMIC INVASION': Dutch far-right leader Geert Wilders called the wave of refugees pushing into Europe an "Islamic invasion," during a parliamentary debate, that exposed deep divisions over how the Netherlands should respond to the crisis. At the start of the debate, Wilders called the wave of refugees passing through Hungary and other countries "an Islamic invasion of Europe, of the Netherlands." "Masses of young men in their twenties with beards are singing Allahu Akbar across Europe. It's an invasion that threatens our prosperity, our security, our culture and identity," he said. Tens of thousands of people, many fleeing war and ISIS in Syria, are trying to get to Germany where Merkel has said they will be allowed to stay. Wilders said the fact that they were pushing northwards through the EU from the Mediterranean indicated many were economic migrants, not refugees. "Turkey, Greece, Macedonia, Serbia are safe countries. If you flee them then you are doing it for benefits and a house," said Wilders, whose Party for Freedom leads Dutch opinion polls.

'ISRAEL TO TAKE ALL MEANS TO PROTECT TEMPLE MOUNT': PM Binyamin Netanyahu proclaimed Israel's right to defend itself after the Arab world condemned the Jewish state for protecting itself during an Arab mob attack on the Temple Mount. "This is the duty and right to take action against lawbreakers to allow freedom of worship in this holy place. Therefore, we will act firmly against rock-throwers, Molotov cocktails and throwing pipe bombs or those using other weapons," he added. Earlier Sunday, masked Muslim rioters hurled rocks and fireworks at police on the Temple Mount, as well as firebombs near two entrances to the site. Police were forced to respond with riot dispersal measures. Shortly after the clash, both the Palestinian Authority (PA) and Jordan condemned Israel for taking action during the attack, with PA chairman Mahmoud Abbas calling the clash an "attack by the Occupier."
